Note: Information about contributions filed recently with the CFB may not be immediately available. By law, the CFB must prepare and send notifications of over-the-limit "doing business" contributions to candidates within 20 days of each disclosure statement filing; within six weeks of an election, they are sent within three business days. New information is posted to this page only after these notifications are sent to the candidate. The column marked "Last Statement Processed" indicates the most recent disclosure statement for which a "doing business" review has been performed and sent (if applicable).

Explanation of Terms:

Last Statement Processed shows the statement number and due date for the most recent financial disclosure statement reviewed by the CFB for "doing business" transactions. This information is not posted to the web until any applicable notification is sent to the campaigns. The most recent statement reviewed may not be the most recent financial disclosure statement filed by the candidate with the CFB. The most recent disclosure statement for the current election cycle was due 01/16/2018.

Number of DB Transactions is the total number of unique transactions that have been marked by the CFB as being from people listed in the Doing Business Database (DBDB) at the time of the contribution.

Amount of DB Transactions is the total dollar amount associated with transactions that have been marked by the CFB as being from people listed in the DBDB at the time of the contribution.

Amount Refunded is the total amount refunded by the campaign to people marked by the CFB as listed in the DBDB at the time of the initial contribution.
