**Video Voter Guide Transcript**

Hello Voters,

I'm Clifton Stanley Diaz, the 28th Councilmanic District Democratic Candidate for the New York City Council, which represents Rochdale Village, Baisley Park, Jamaica, South Ozone Park and Richmond Hill.

By virtue of my experience and more than 40 years of outstanding community service to District 28, I am running for the City Council to address the many issues affecting our community and to restore honesty, integrity and respect to our City Council District Office.

As your City Councilman I will fight for the following:

I will fight to get more job training programs and more job opportunities.

I will fight for safer streets and for the enactment of legislation to create and fund a Buy Back Gun Program.

I will fight for homeowners to keep their homes.

I will fight to ensure that our students are well equipped in the classroom.

I will fight to get additional funding for our senior citizens programs.

I will fight to get additional funding for our after school programs and our youth activities.

I will continue that fight to ensure that our communities receive our fair share of city services.

I will fight to make sure that we are provided with quality health care for all.

I will fight for more low and middle income family housing.

And I will fight to get better bus and train services .

Our district is very diverse. I have an outstanding track record of working across all ethnic and geographic divides in this district.

I promise to bring government closer to you by establishing a Mobile City Council District Office.

In closing I would like to say, "You have tried all of the rest, why not try the best."
