

31st City Council District

Michael R. Duncan (D)

Hi, my name is Michael Duncan and I am asking you to vote for me as your next City Councilman from the 31st Council District.

I am originally from Jamaica in the West Indies and since 1978 I have made New York City my home. Later on I graduated from Baruch College with a bachelor's in business administration in Accounting.

I absolutely believe in putting the community first as I am a grass roots community activist.

This is why I have served on community boards and attended civic meetings.

This is why I have been PTA President at PS 195, IS 231, and Springfield Gardens High School.

This is why almost twenty years ago I got involved with the Rosedale Soccer Club so that I could assist in building the character of our youth through soccer.

This is why I led the fight against the construction of the "Hot Sheets" motel across the street from the Springfield Gardens High School.

I whole heartedly agree with the principle of self-reliance and I want to give back to the community.

This is why I opened the Jamaica Breeze Restaurant in Laurelton so that I could create jobs.

After-school education, which is supposed to supplement regular education, is lacking in our community though there are many school buildings. Arts, music, and culture programs are almost nonexistent.

I absolutely plan to invest a lot of my expense funding into creating such programs, because they are a necessity for the total development of our children.

Please vote for me on Election Day. Thank you.
